## **BELLE SOIRÉE TAVOLO**

BOROSILICATE GLASS LAMP, CHROMED METAL

◀ 3

*Steadily more rarefied, fewer and fewer materials, closer and closer to nothingness.*

The Belle Soiree lamp is made in four versions: table, suspension, wall and floor.

Of the four versions only one table is designed specifically for LEDs which reflected off the silver cap will soften and spread into space.

*Ph. Michele De Lucchi, Luca Tamburlini / Polifemo Fotografia (still lifes on white background)*
