## PERSEO STELO 28

BLOWN GLASS WHITE LAYERED SATIN FINISH AND STRUCTURE IN ROW METAL

*Perseus was a hero of Greek mythology. He killed the Gorgon Medusa, founded Mycenae and married Andromeda after having rescued her from a sea monster. Associations of the mind may sometimes transcend pure logic, and so a heroic life deserves to be remembered.*

The lightness of the Perseo lamp makes it a Produzione Privata symbol. Now it is turned upside-down and rests on four crude iron supports. Whilst previously it may have resembled a large hanging beehive, today it looks more like a hot air balloon.

*Ph. Michele De Lucchi*

### Material / Finishings

Diffuser:  
*blown glass white layered satin finish*

### Dimensions

Ø cm 28  
Diffuser H cm 23  
Total H cm 40

### Technical data
